

YEAR 2 HAVE BEEN RATHER BUSY OF LATE....

In their DT lessons Y2 make, sample and evaluate different kinds of Porridge – including recipes, methods of cooking, ingredients and toppings. Doesn't look much like school to me, guys! Who said learning was supposed to be so much fun?

STEM Challenge #2 was to create a waterproof garment for Marvin the Monkey from whatever the children could find in the classroom. It linked with Science learning about the properties of Materials.

In Science Year 2 consider how they are using different forces to make clay monsters - pushing, pulling, squeezing, squashing, twisting...

...In DT, Y2 made waistcoats for the 3 Bears. They designed, measured, made a pattern, pinned, cut out and stitched together before embroidering and adding sequins and applique. We celebrated with a Teddy Bear's Picnic, with bears dressed 'to the nines', as a reward for filling the class Marble Jar for collective good behaviour.

And finally.....Year 2 wrote and then followed their own instructions for making a Santa pencil pot in Literacy.
