Year 2

As part of their science learning about plants, Year 2 have been transplanting their newly germinated runner bean seeds from the sandwich bags, which made following the seeds' progress much easier to see, into small flowerpots, before these are deprived of light and water as part of a fair test.

PSHE

Year 3 have been learning about the importance we hold chocolate in our society, as part of their PSHE unit of work 'Who Likes Chocolate?' They made rice crispy cakes today and learned about the history of chocolate.

Years 4 and 5 are taking the topic onwards and are learning about where chocolate is grown, where production and manufacture takes place, international trade and the role of Fairtrade produce in guaranteeing a fair price for the farmers.

B Sands

Cheltenham Festival of Performing Arts

The school choir performed this week at the Cheltenham Festival of Performing Arts. Almost the whole of KS2 performed on the stage and sang beautifully. They rose to the challenge and I was so proud of their performance. The Judge commented on how well they sang the complex harmonies. The children behaved impeccably and enjoyed eating their packed lunch in the Imperial Gardens afterwards.

Mrs L O'Dell

Fun & Games Club

The children had a great time today at Friday's lunchtime Club. Running, throwing, mini games of netball and fun with their friends.

Year 3

Year 3 have been exploring the wonderful world of the life processes of plants, starting with seed germination. They are aiming to grow their plants from seedlings to flowers and observe the full life cycle.
