Stonehouse Goodwill 2018

The school choir will be performing at the Stonehouse Goodwill at 3.30pm on Saturday 1st December. It would be fantastic if we could get as many children on stage as we can (though it's not compulsory). This will be followed by taking part in the lantern procession with a lit-up reindeer which Mrs Barrett is making with some of the children. The singing will finish at 3.50pm and the lit procession will finish at 5.30pm. More details to follow.

Halloween – Class 1

Class One had great fun on Halloween, they were investigating all things pumpkin! They considered how heavy a pumpkin is and found objects around their classroom to see if they weighed more or less than the pumpkin. They explored the number of seeds a pumpkin has inside and made predictions on how a pumpkin would react to water. Would it stay dry, get wet, float or sink? They were surprised by the result!

Halloween - Class 2

Year 2 worked together to create this fantastic poem.

The Haunted House Sound Collector

A ghost called by this morning

Dressed in white and grey

Put every sound into a bag

And carried them away

The squeaking of the doors

The creaking of the stairs

The muttering of voices

The scraping of the chairs

The swishing of the ghosts

The thud of goblin feet

The cackling of the witches

As the play Trick or Treat

The guzzling of the vampires

The meowing of a cat

The flickering of lamps

The flapping of a bat

The rattling of skeletons

As they dance a jig

The dripping of a tap

The snapping of a twig

A ghost called by this morning

He didn't leave his name

He took away the haunting sounds

Halloween won't be the same.

Sports

The children had great fun this week in their sports lessons. Ball skills, agility, pace, tactics and teamwork was the challenge which they all excelled at.

Volcanoes!

Year 3 have made some amazing volcano creations which they presented to the rest of class this week.

We had cakes, models, posters, Minecraft volcanoes and more. The children loved sharing these with their friends. We have been so impressed with their creativity.

PRIMARY MATHS CHALLENGE

It's here! Years 5 and 6, get your brains in gear!

www.primarymathschallenge.org.uk

Also, a special request if you fancy....

2019 is our Birthday!

Help us celebrate!

We would love for you to design us a birthday card that we can send out to all our participating schools in 2019! The birthday card will replace the poster, just for this year, so we still need to include some important information and dates;

Primary Mathematics Challenge 2019
11th - 15th November 2018
