## Stonehouse Goodwill Festival

Wow! What a fantastic turnout at last Saturday's Goodwill Festival. The children sang beautifully and afterwards took part in the lantern procession with the amazing Rudolph and his friend. These were created by Mrs Barrett and her lunchtime club 'The Creative Crew'. Thank you to Mrs O'Dell and all the families that came and supported.

## Art

Some truly amazing art by Isla. Peter Rabbits' head was made from papier mache and pattern pieces were used for his clothes which were all sewn together using a sewing machine.

The ballerinas were made from Isla's own design and both spin beautifully. Well done Isla!

## Elf on The Shelf

The Class 1 Elf has been busy making mischief – there appears to be 'snow angels' everywhere!

## Stamps!

Millie Etherington in year three will be doing a charity drive after Christmas for the Pied Piper Appeal. Could you please save your used stamps from now on and any new unwanted toys... all will become clearer early next year :) thank you.

## Year 3

Year 3 have been learning about electrical circuits and design criteria by building their own battery powered lamps. The children plan to use these as night lights at home. Well done Year 3 they look fantastic!

## Year 2

Year 2 have begun their unit of work about measuring and are checking out their estimation that a metre is about the height of a four-year-old child. Best put one in your pocket for your next maths test, girls!
